

## Garbage "Begging Bone"

Visit "[Begging Bone](#)" on MotoLyrics.com

You're just like a dog  
With your begging bone  
You're always chasing psychos  
Down those rabbit holes  
You like them the best  
'Cause they are dangerous  
And they get off on you  
And your subservience

### CHORUS

What can I do?  
Can't make a monkey out of you  
I can't keep you on a leash  
Can't lock you in your room  
I can't make you perfectly  
Suspicious of the world  
Can't teach you lessons  
That you never want to learn

You started to believe  
That you're completely unlovable  
Which makes us want to laugh  
'Cause you're adorable  
You say you've been depressed

But no doubt you'll get over it  
And get back on your feet  
Just like a pugilist

### CHORUS

It's ok to be afraid  
Of what's inside another mind  
An invitation to discover  
And explore the other side  
It's ok to be afraid  
Of finding out you really care  
Like a hammer crashing down  
Between the clouds out of the air

Pray that they come through  
Of course they never do

Of course they never do (X 4)
