We are difficult to understand
It was hard to make this simple plan work
Difficult and that's what made it burn
You're a satellite around my heart
One million miles before the start
Indescribable and that's what makes it you
Shivers up and down my spine
Feet to the teeth
Inside this big bright world
We rage against the dying
Rage against the dying light
You're mysterious
You make no sense
I love you 'cause you're innocent
You fell out through a hole inside the sun
So magnify the best inside me
Build the parts that you can't find me
The parts that won't give out when things get hard
Shivers up and down my spine
Feet to the teeth
Inside this big, bright world
We rage against the dying
Rage against the dying light
I'm with you
Yeah I'm with you
I'm with you
