Salute the sun I've been sitting here all night long
Hauling rock over Buddha with the Longhorn
I got a hole so rip a pocket off my uniform
With the Blackwatch Boys gets your heads down
Duty calls but it is way too late I'm too far gone
Waiting for Godot hell with my pants down
Cracked the stash sent me crying in the midday sun
I miss my dog and I miss my freedom

I don't know why they are calling on the radio
They know I'm here just out of sight
I don't know why they're calling on the radio
He's by my side and I know I'm right

I hate the things I think about you when I'm all alone
I know you're tough but I've been gone for so long
I play the memories of you inside my head
So all those pictures of us burn and radiate
Watch the clouds and I'm falling, falling through the
cracks
Head beats and the heart is pounding fast
Off the ground into the starry dark
Into your arms I'm falling
I'm falling I'm falling

I don't know why they are calling on the radio
They know I'm here just out of sight
I don't know why they're calling on the radio
He's by my side and I know I'm right

My brain my body's fried
I've got to stay alive
I've got to take a chance and keep on moving

I don't know why they are calling on the radio
They know I'm here just out of sight
I don't know why they're calling on the radio
He's by my side and I know I'm right

I see your light from miles away
I see your light from miles away
I see your light from miles away
