Things don't have to be this way  
Catch me on a better day

Bury me above the clouds  
All the way from here  
Take away the things I need  
Take away my fear

Hide me in a hollow sound  
Happy evermore  
Everything I had to give  
Gave out long before

Fix me now, I wish you would  
Bring me back to life  
Kiss me blind, somebody should  
From hollow into light

Crashing silent, broken down  
Falling in to night  
Who gave up and who gave in?  
I'll go without a fight

You cut me down or cut me dead  
Cut me in or out  
Kiss me blind time after time  
Take away my doubt

Fix me now, I wish you would  
Bring me back to life  
Kiss me blind, somebody should  
From hollow into light

Things don't have to be this way  
Catch me on a better day

Nowhere, only down from here  
Pick me off the floor  
Take away the things I dream  
One time, one place, one more

Fix me now, I wish you would

Bring me back to life  
Kiss me blind, somebody should  
From hollow into

Fix me now, I wish you would  
Bring me back to life  
Kiss me blind, somebody should  
From hollow into light

Things don't have to be this way  
Catch me on a better day  
Things don't have to be this way  
Catch me on a better day

Things don't have to be this way  
Catch me on a better day  
Things don't have to be this way  
Catch me on a better day
