

Garbage "Medication"

I don't need an education
I learnt all I need from you
They got me on some medication
My point of balance was askew

Keeps my temperature from rising
My blood is pumping through my veins

Somebody get me out of here
I'm tearing at myself
Nobody gives a damn about me
Or anybody else

I wear myself out in the morning
You're asleep when I get home
Please don't call me self defending
You know it cuts me to the bone

Though it's really not surprising
I hold a force I can't contain

Somebody get me out of here
I'm tearing at myself
Nobody gives a damn about me
Or anybody else

And still you call me co-dependent
Somehow you lay the blame on me
And still you call me co-dependent
Somehow you lay the blame on me

Somebody get me out of here
I'm tearing at myself
I've got to make a point these days
To extricate myself

Somebody get me out of here
I'm tearing at myself
Nobody gives a damn about me
Or anybody else

And still you call me co-dependent

Somehow you lay the blame on me
And still you call me co-dependent
Somehow you lay the blame on me
Somehow you lay the blame on me
Somehow you lay the blame on me
