I want to break your heart
And play with your mind
You're taking me over

It's so insane
You got me down and chained
I hear your name
I'm falling over

I'm not like all of the other girls
I can't take it like the other girls
I won't share it like the other girls
But you used it all

You look so fine

Knocked down
Cried out
Pinned down just to
Find out
How good
You were for me

I'm open wide
I want to take you home
We'll waste some time
You're the only one for me

You look so fine
I'm like the devil tonight
Leave her behind
If you want to show me

I'm not like all of the other girls
I won't take it like the other girls
I won't fake it like the other girls
But you used it all

You're taking me over
Over and over
I'm falling over

Over and over

Love me one more time
I decide: "Me tonight"
Do what you want to do
Just pretend, happy end
Let me know, let it show
In the wind, let 'em go
In the wind, let 'em go
In the wind, let 'em go
