It's all completely silent except memories of the past
More freedom [x2]

All I am refusing is the mortal man that enslaves

More freedom [x2]

Explain it all to me I'm pale and broken free

More freedom, freedom

I can't feel more for than I've always done

Detest your holy war extermination grows

Grotesc imprisonment character denied

Furious visions of the life we proceed

LIFE!

It's all completely silent of all and any screams

More freedom [x2]

Explain it all to me I'm pale and broken free

More freedom, freedom

This is a picture attached to your war

Make me see what you see extermination lost

Killings of hundreds doesn't even make you flinch

A runaway incarcerated they took away your soul

SOUL!

When extermination grows

I hope you feel that much you die

No one can see how difficult it seems

With my luck I soon will cease to be

Incarceration the loss of my soul bury me in hell

Bury me in flowers I just past (passed?) away

Now I'm free

There is something caught behind my eye

Run to the end the screams before you are nothing

Extermination lacks

Increased or something lost upon the throne

You are nothing to us it's a war

Walking hand in hand embodying my soul

From the gates of pain into a home of joy

Keep fighting for your rights

Expand your freedom
