Did you ever see the rainbow?
Did you ever hear the cry?
Did you ever see the colours fade away?
The night, the night you said goodbye

I'm never gonna love again
The way that I love you
I'm never gonna smile again
I will be forever

Chorus

Blue like the ocean, silent waiting
Blue like the river, floating by
I will tell you I'm fine but
It won't be true
If I can't have your love
If I can't be with you
I'll be forever blue

Did you ever see the sunrise?
Did you ever feel my pain?
Did you ever see the sun go down?
When you, when you left me in the rain

I'm never gonna love again
So say it isn't so
I really want to smile again
Don't wanna be forever

Chorus

What do you do when the skies come falling down?
Where do you run when the waves come rolling in?
How do you cope when the heart's got a mind of it's
own?
I will be forever

Chorus to end
