Everybody knows that you're a star
Gucci shoes, the look of Caviar
They all know exactly who you are
And they all wanna get next to you

See your face in every magazine
Staring out from every movie screen
Your body is as best there's ever been
But they'll never get next to you

And I got your pictures all over my wall
But I've got the greatest secret of all

Because you're absolutely mine
That's why I'm lying here next to you
Absolutely fine
That's why they fall in love with you

No one knows the danger you do to me
What they dream about I get for free
I'm living everybody's fantasy
And they all wanna get next to you

And the reason for their breaking hearts
Is that you don't even know who they are
Everybody knows that you're a star
And they all wanna get next to you

And I've got your pictures all over my wall
But I've got the greatest secret of all

Because you're absolutely mine
That's why I'm lying here next to you
Absolutely fine
That's why they fall in love with you

I got you absolutely, baby
I got you absolutely, baby

And I've got your pictures all over my wall
But I've got the greatest secret of all

Because you're absolutely mine
That's why I'm lying here next to you
Absolutely fine
That's why they fall in love with you

Absolutely mine
That's why I'm lying here next to you
Absolutely fine
That's why they fall in love with you

I got you absolutely, baby
I got you absolutely, baby
I got you absolutely, baby
I got you absolutely, baby
