We're going downtown

Woow

Is the temperature hot enough for you tonight
Is it making your dreams suggest things you cant fight
If you call me 1 time, 2 time, anytime that you want
Got a certain sure fire remedy to get you out

So take my hand and rock with me
To the sweetest symphony
Your body pleads to feel the way it feels
Just trust me more than any heart you saw
I'll give you all the love your waiting for

Now baby if you dance my way downtown
Little skin of skin sure can be found
Maybe you are all alone cant do it on your own
I'll show you heaven at the speed of sound

Now baby if you .come, come on, come on, come on
downtown
Come, come on, come on downtown

Is the temperature hot enough for you to play
Is it making your dreams suggest things you cant say
If you'd ask me 1 time, 2 time anytime that you like
Got the perfect way to eleviate your stress tonight

So take my hand and rock with me
To the sweetest symphony
Your body pleads to feel the way it feels
Just trust me more than any heart you saw
I'll give you all the love your waiting for
Now baby if you dance my way downtown
Little skin of skin sure can be found
Maybe you are all alone cant do it on your own
I'll show you heaven at the speed of sound

Now baby if you dance that way downtown
Little skin of skin sure can be found
Maybe you are all alone cant do it on your own

I'll show you heaven at the speed of sound

Now baby if you .come, come on, come on, come on
downtown

Come, come on, come on downtown

Come, come on, come on, come on downtown

Come, come on, come on downtown

Come, come on, come on, come on downtown

So take my hand and rock with me
To the sweetest symphony
Your body cleans to feel the way it feels
Just trust me more than any heart you saw
I'll give you all the love your waiting for

Now baby if you dance that way downtown
Little skin of skin sure can be found
Maybe you are all alone cant do it on your own
I'll show you have an atmosphere downtown
