Love is a drug and I feel like getting high
One last fix with a kiss is worth risking suicide
'Cause I'm living for the mo I'm living for tonight
I clean forgot she left me paralyzed

When I'm touching her hand
It's a blast from the past

See the strong deja vu, yeah I know it won't last
She turns me on I can't just go on a fast
Keeping my mind off her is one mighty task

(oh) Oh (I'm in trouble) I'm in trouble
(Feels like I'm loosing my mind again)
Losing my mind
(Now I'm right back where I started)
Where I started
(I've gotta mend this broken heart of mine) all over
again
I've been (foolish) foolish (foolish) foolish
(foolish with my hand held high) hands held high
(Girl I've wound up where I started)
(I'm pleading guilty to a crime that)
My heart just cannot deny

Time is healer how easy we forget
All the misery and pain that one person can inflict
Seems I suffer from a case of selective memory
I clean forgot how she walked all over me

No no no - can't help myself in the end I'm just a man
With my sentimental needs for your tender loving
hands
I'm lying when I say there's no strings attached

When I look at her I swear my mind goes blank

(oh)Oh (I'm in trouble) I'm in trouble
(Feels like I'm loosing my mind again)
Losing my mind
(Now I'm right back where I started)
Where I started

(I've gotta mend this broken heart of mine) all over
again
I've been (foolish) foolish (foolish) foolish
(foolish with my hand held high) hands held high
(Girl I've wound up where I started)
(I'm pleading guilty to a crime that)
My heart just cannot deny

For one touch for one kiss
What do I stand to lose
Baby losing my mind is better than losing you
Somebody tell me why do I gotta choose
I'm all excited but keep getting the blues

(oh)Oh(I'm in trouble) I'm in trouble
(Feels like I'm losing my mind again)
Losing my mind
(Now I'm right back where I started)
Where I started
(I've gotta mend this broken heart of mine) all over
again
I've been (foolish) foolish (foolish) foolish
(foolish with my hand held high) hands held high
(Girl I've wound up where I started)
(I'm pleading guilty to a crime that)
My heart just cannot deny
