Is the temperature hot enough for you tonight?
is it making your dreams suggest things you cant
fight?
if you call me one time,two time anytime that you want
Got a certain, sure-fire remedy to get you off

so take my hand and rock with me
to the sweetest symphony
your body pleads to feel the way it feels
just trust me more then ant heart you saw. Ill
give you all the love you're waiting for

chorus

now baby you can dance my way downtown
little skin on skin on skin sure can be found.
maybe you are all alone can't do it on your own
i'll show you heaven at the speed of light

now baby if you come, come on come on come on
downtown, come on come on downtown

is the temperature hot enough for you to play?
is it making your dreams suggest things you can't say?
if you'd ask me one time two time anytime that you like
got the perfect way to alleviate your stress tonight

so take my hand and rock with me to the sweetest
symphony
your body pleads to feel the way it feels, just trust me
more
than any heart you saw, i'll give you all the love your
waiting for

chorus x 2

so take my an rock with me to then sweetest symphony
your body pleads to feel the way it feels. just trust me
more
than any heart you saw. i'll give you all the love your
waiting for.

chorus x 2
