I waited in the summer rain  
I waited till my tears stop falling  
You never came along  
You had to do me wrong again

You promised me, you gave your word  
This time around will be all different  
My heart has had enough  
I'm really not that tough inside, baby

Lies, you have me had your lies  
Come look into my eyes  
And break my heart with honesty instead

'Cause I don't wanna cry  
I'd rather say goodbye, bye, bye  
I can't take another lie

They told me not to trust in you  
And finally, I do believe this  
Say who's the other man  
You do the best you can to hide?

Tell me, does he think you are always beautiful  
As I did the very first time  
I leave my eyes on you, I gave my heart to you  
Again and again and again, baby

Lies, you have me had your lies  
Come look into my eyes  
And break my heart with honesty instead

'Cause I don't wanna cry  
I'd rather say goodbye, bye, bye  
I can't take another lie

Another night, another day  
How can I go on this time without you?  
What can I do, what can I say?  
Say, is there any other way

Lies, you have me had your lies

Come look into my eyes  
And break my heart with honesty instead

'Cause I don't wanna cry  
I'd rather say goodbye, bye, bye  
I can't take another lie

Lies, you have me had your lies  
Come look into my eyes  
And break my heart with honesty instead

'Cause I don't wanna cry  
I'd rather say goodbye, bye, bye  
I can't take another lie
