I live beneath the heart
I watch you from the dark
I'm every breath I'm every dream
I've known you forever
I've followed you everywhere
I'm every scar, I'm who you are

When you think you're alone
When you cry cuz the world's unfair
You can rest assure, I'm always there

Even when you feel like you don't belong
Even when you fall and it all goes wrong
Know that I'm with you, I'm with you all the time
Say a little prayer for the restless heart
We shall never ever drift apart
Know that I'm with you
Know that I'm with you, with you all the time

I walk your every road
I'm laughing when you smile
And when you cry I cry too
I made you a promise
That I shall forever keep
You're on your own, but not alone

When you're down, when you're out
When the world tells you no one cares
You can rest assure, I'm always there

Even when you feel like you don't belong
Even when you fall and it all goes wrong
Know that I'm with you, I'm with you all the time
Say a little prayer for the restless heart
We shall never ever drift apart
Know that I'm with you, I'm with you all the time

Save a little love for me
You'll see
Save a little love for me
And you'll see

Save a little love for me
And you'll see
And you'll see

Even when you feel like you don't belong
Even when you fall and it all goes wrong
Know that I'm with you, I'm with you all the time
Say a little prayer for the restless heart
We shall never ever drift apart
Know that I'm with you, with you all the time

You know that I'm with you, with you all the time
Say a little prayer for the restless heart
We shall never ever drift apart
Know that I'm with you
Know that I'm with you, with you all the time
