We're all angels that fall from grace
So you don't have to hide
your face from me
It's the burden you won't lay down
It's the guilt that you carry around

You can see it coming
But somehow you can't seem to avoid it
Avoid this

Life is accidental and
Things happen coincidentally
I never meant to hurt you
You never meant to hurt me
But we all get our hands a little dirty

Nanana dirty
Nanana

Let it out and let me inside
Tell me things that you feel you need to hide
All your secrets
can't be worse than mine
So come closer and hold me tight

Do you feel the poison running
From your veins into an empty nothing, nothingness

Life is accidental and
Things happen coincidentally
I never meant to hurt you
You never meant to hurt me
But we all get our hands a little dirty

Nanana dirty
Nanana

Don't be down, just look around
There's no one perfect in this town
Don't beat yourself up like everyone else does
Just turn around
Goodbye feeling, all guilts turn around
Turn around
Do you know that

Life is accidental and
Things happen coincidentally
I never meant to hurt you
You never meant to hurt me
But we all get our hands a little dirty
