After all of the battles are over,
After all of the fighting is done,
Will you be the one
To find yourself alone with your heart? (looking for the
answers...)
When it feels like tomorrow will never come,
When it seems like the night would not end,
Can you pretend
That you're really not alone?
You're out here on your own.
Lonely soldier boy.
You're out here on your own.
Lonely soldier boy.
Yes I'm lonely, but are you alone?
Lonely soldier boy.
With all the glory, without the joy,
A lonely soldier boy...
Do you believe in the causes you're fighting for?
You used to believe yesterday.
Now what can you say,
Now that you're so far from home?
You're out here on your own,
Lonely soldier boy.
You're all alone,
Lonely soldier boy.
But are you really alone?
Lonely soldier boy...
You're out here on your own,
Lonely soldier boy.
But are you really alone?
Lonely soldier boy.
You're out here on your own,
Lonely soldier boy.
Are you lonely, out here on your own...
