You and me, we've got history baby
Though you don't really know who I am
I am fishing for sympathy? Maybe I'm just
Doing the best that I can
But I'm alright with this
I'm alright 'cause I know
All I need is a room with a view
Where I will always be watching you

And you say that I don't really care
'bout what's wrong or, what's worse, what is right
I'm the coward who pulls all my punches
Though my arrogance started the fight

But I'm alright with this
I'm alright 'cause I know
All I need is a room with a view
Where I will always be watching you

Maybe you and me, we need a reason to explore where
we are
If you wanna find me, I'll be waiting here, I won't go too
far
Maybe if you tried you could see the innocence in my
eyes
All I really know is the one that I love never showed
