Turning on the TV, everybody knows me  
Everybody sees me, everybody stares  
Then they cut to your face, handsome in your disgrace  
Cameramen, they give chase, everybody cares

You said  
We could  
Runaway, we just need a distraction  
You said  
We might  
Slip away with some cool misdirection tonight

I was too naive and strung out  
Too pent up to burn out  
Too sucked in to tune out  
Too worn out to cry  
And I could not detect it  
Even when our eyes met  
We've all got our secrets  
Everybody lies

You said  
We could  
Runaway, we just need a distraction  
You said  
We might

Slip away with some cool misdirection tonight

I wake up from my darkest dream  
So shook up I wanna scream  
I wish I could just wash your voice away  
But I hear it everyday  
Every night as I try to sleep  
There's a vampire that comes to feed  
And he smiles as he sucks and drains my veins  
And that's fine with me

You said  
We could  
Runaway, we just need a distraction  
You said

We might  
Slip away with some cool misdirection  
You said  
We should  
Treat our love as our one true possession  
You said  
We might  
Slip away with some cool misdirection tonight
