Parked on 35
Bought me some more time
Of living on the outside of you
Looking for the first sign and lucky to twice shine
A little bit scared too
Everybody here is so cool
It kinda reminds me of high school

Chorus:
Hold me, Austin
I've been lost and I finally made it to you
You'll be fine without me
And tonight I'll just be
One of 8,002
Nothing new

I stayed dry through sunny New Orleans
And this progress of living clean
Gets heavy when you're all alone
Looking back and remembering
At all the bars that I peak in

That would've been me 5 sad years ago
"Just keep walking", I've learned
Straight out of my fire but still a little burned, so

Chorus:
Hold me, Austin
I've been lost and I finally made it to you
You'll be fine without me
And tonight I'll just be
One of 8,002
Passing through

"Just keep walking", I've learned
Straight out of my fire but still a little burned, so

Chorus:
Hold me, Austin
I've been lost and I finally made it to you
You'll be fine without me

And tonight I'll just be
One of 8,002
Thanks to you
