Oh Molly what in the world did you find  
when you looked inside?  
Oh golly what in the world did you find  
when you looked inside?  
When you saw it did you want it?  
When you held it could you help it?

Oh Molly what in the world did you find behind those  
eyes?  
Oh golly what a big surprise  
All of those disguises  
When you saw it did you want it?  
When you held it could you help it?

Oh my  
Oh my

When you saw it did you want it?  
When you held it could you help it?

Oh Molly what in the world  
la la la la la la la  
Oh Molly what in the world  
la la la la la la la  
Oh Molly what in the world  
la la la la la la la  
Oh Molly what in the world

Oh Molly what in the world  
Oh what in the world  
Oh Molly what in the world
