I hate love
I really do
It never works out quite
the way I want it to
The trap gets set
Don't they know
The walls go up
And then drama begins
It's all part of the show

But it's a wonderful thing
When it's happening
And it's a wonderful Thing
When it's happening

I hate love
And I tell you the truth
I'll be the first one there to open up the way
That I'm supposed to
But it's an empty room
I'm all by myself
The other part of the equation comes and goes
And never takes a step

And it's a wonderful thing
When it's happening
Hey it's a wonderful thing
When it's happening

This is how it goes
We're lonely, hollow souls
Without love
Without love
We might as well give up

I hate love
I really do
But there's something to be said
For all the Joy that came with you

And it's a wonderful thing
When it's happening

Yeah, it's a wonderful thing
When it's happening
Hey it's happening
Hey it's happening
I think it's happening
Say it's happening
Oh I hope it's happening
