There's a little girl out lying on her own
She's got a broken heart
She's not the kind to take you down for long
She knows and plays it smart

And if she's coming, she's shown no more
She's heard no whistle blowing from the door
She feels like leaving and she don't know why
Without no bridges she's trapped, so i sigh

Chorus

Dont cross the river if you can't swim the tide
Dont try denying living on the other side
All you life You were on your own

If you want you can ride my train
Soon forget the reason that you're leaving
Lose yourself and then sometimes
Maybe even save youself some grieving

Repeat Chorus

If you want you can ride my train
Soon forget the reason that you're leaving
Lose yourself and then sometimes
Maybe even save youself some grieving

Repeat Chorus
