She's sun and rain, she's fire and ice,  
a little crazy, but it's nice,  
and when she gets mad best leave her alone.  
Cause she'll rage just like a river,  
then she'll beg you to forgive her,  
Oh she's every woman that I've never known

She's so New York and then LA,  
and every town along the way  
And she's every place that I've never been  
She's making love on rainy nights,  
she's a stroll through Christmas lights  
And she's everything I wanna do again

Oh it needs no explanation  
cause it all makes perfect sense  
for when it comes down to temptation,  
she's on both sides of the fence.  
No it needs no explanation  
cause it all makes perfect sense  
for when it comes down to temptation,  
she's on both sides of the fence.

She's anything but typical,  
she's so unpredictable  
oh but even at her worst,  
she ain't that bad,  
she's as real as real can be  
and she's every fantasy,  
Lord she's every lover that I've ever had  
and she's every lover that I've never had
