It don't matter to the sun
If you go or if you stay
I know the sun is gonna rise
Shine down on another day

There still be a tomorrow
Even if you choose to leave
'Cause it don't matter to the sun, oh baby
It matters to me

It ain't gonna stop the world
If you walk out that door
This old world will just keep turning 'round, turning
'round
Like it did the day before

'Cause see to them it makes no difference, ohh
It just keep on keepin' time
'Cause it ain't gonna stop the world out there
But it'll be the end of mine

What can I say?
What can I do?
I'm still in love
So why aren't you?

Oh yeah, oh yeah
What can I say?
What can I do?
I'm still in love
So why aren't you?

It don't matter to the moon
If you're not in my life
No the moon will just keep hangin' 'round, hangin'
'round
Like it's just another night

Find another place to shine on down
On some other lover's dreams
'Cause it don't matter to the moon, oh baby
But it sure do matter to me

No it don't matter to the moon, oh baby
But it matters to me
