People say she's only in my head

Its gonna take time to laugh again

They say I need to get on with my life

But they don't realize

Is when your dialing 6 numbers just to hang up the phone.

Driving cross town just to see if she's home.

Waking a friend in the dead of night, just to hear 'em say it's gonna be alright.

When your finding things to do not to fall asleep cuz you know she'll be there in your dreams.

Thats when she's

more than a memory

Took a match to everything she ever wrote

Watched her words go up in smoke

Tore all the pictures off the wall

But that aint helping me at all.

Cuz when your talking out loud and nobody's there

You look like hell and you just don't care

[More Than a Memory lyrics on ]

Drinking more than you've ever drank

Sinking down lower than you've ever sank

When you find yourself falling down upon your knees,  
praying to God, begging him PLEASE

That's when she's

More than a Memory

She's more

She's more

Cuz when your dialing her number just to hang up the  
phone

Driving cross town just to see if she's home

waking a friend in the dead of night, just to hear 'em  
say it's gonna be alright

When our finding things to do not to fall asleep cuz you  
know she'll be waiting in your dreams

That's when she's

More than a Memory

People say she's only in my head

Its gonna take time to laugh again
