Honey, I know you got a good job
You out there makin' all that dough
They keep late working that overtime
And I don't ever see you no more

Guess you're not checking your message machine
Seem like your never in
Oh, but I got a hunch, if we can just do lunch
I can get your attention again

Oh, I know you got your schedule and you're keeping it
tight
You got something going morning noon and night
But I got something here I think you're gonna like
Honey, can you squeeze me in?

Well, whoever said it's a mans world
Don't know what he's talking about
You got me working around the clock
Honey, trying to figure you out

I know time is money, there's more to life, honey
Than how much you can spend
You gotta make a little time for the good times
Honey, can you squeeze me in?

I got it circled in red on the calendar, baby
You told me that tonight's the night
I've got the champagne chilled
I've got a gourmet meal, soft music and candlelight

I try to get you on the phone and I get stuck on hold
I guess you keep getting sidetracked
I've been faxing you love notes all day long
But you never fax me back

Well, I know you got your schedule and you're keeping
it tight
You got something going morning noon and night
But I got something I know you're gonna like
Honey, can you squeeze me in?

Whoever said it's a man's world
Sure knows what he's talking about
You got me working around the clock
Honey, trying to figure you out

I know time is money but there's more to life, honey
Than how much you can spend
You gotta make a little time for the good times
Honey, can you squeeze me in?

Yeah, whoever said it's a mans world
Don't know what he's talking about
You got me working around the clock
Honey, trying to figure you out

I know time is money but there's more to life honey
Than how much you can spend
You gotta make a little time for the good times
Honey, can you squeeze me in?

Let's make a little time for the good times
Honey, can you squeeze me in?
