Desperation's causing me to question every single
word you say.
The distance that keeps growing in between us, girl,
just leaves me so afraid.
Well, you tried so hard to carry on, but I can tell there's
something wrong these
Days.
Well, girl, I've got to know the truth, just give it to me
straight, don't look away.

Don't look away, don't look away.
When I ask you if you love me still,
And if you're gonna stay, don't look away.

Well, I've known you long enough to know you're trying
not to let your fellings show.
Lately when I hold you near, I still feel I'm sitting here
alone.
This confusion's sitting in your mind, blocking all the
words you mean to say.
Well, girl, I've got to know the truth, just give it to me
straight, don't look away.

Don't look away, don't look away.
When I ask you if you love me still,
And if you're gonna stay, don't look away.

Don't look away, don't look away.
Well, girl, I've got to know the truth,
Just give it to me straight, don't look away.

When I ask you if you love me still,
And if you're gonna stay, don't look away.
