I just got back from hell and I'm standin
Here alive
I know it's really hard to tell, don't know how I survived
I can't say that I'm doin great but I think I'm doin well
That devils gonna have to wait cause I just got back
from hell

Well I just got back from hell
I guess to tell the truth
I've been mad at every one including God and you
When you can't find no one to blame you just blame
yourself
And I know I'll never be the same
I just got back from hell

Forgive me if I had any part, if I ever broke your heart
in two
Forgive me for what I didn't know, for what I didn't say
or do
And God forgive me as well
Cause I just got back from hell

Well I just got back from hell
I need to make some plans
It's the last thing that I wanna do but I'll do the best I
can
Gonna learn to live again but I think I'll sit a spell
Tell the world that I'm alive and I just got back from hell

I can't say that I'm doin great but I think I'm gettin well
Gonna let the world know I'm alive and I just got back
from hell
Just got back from hell
Got back from hell
