Oh, I know you are out there somewhere,
and I dream at night of rolls of chestnut hair,
and I would walk to California,
If I thought that by some chance you might be there.

[Chorus]

And I keep thinking I see your face,
then it's gone without a trace,
oh, I been every place I thought you'd be.
Why have I just gone, drifting on and on,
when baby you're the one that's lost at sea.

Oh, I have sailed the bright blue waters,
and I have overlooked an ocean full of tears.
Just for a glimpse of Heaven's daughter,
before you smile at me and disappear.

[Chorus]

And I keep thinking I see your face,
then it's gone without a trace,
oh, I been every place I thought you'd be.
Why have I just gone, drifting on and on,
when baby you're the one that's lost at sea.
And I keep thinking I see your face,
then it's gone without a trace,
oh, I been every place I thought you'd be.
Why have I just gone, drifting on and on,
when baby you're the one that's lost at sea.
