Lately Iâ€™ve been running into our old friends  
And somewhere in the smalltalk someone always asks  
where youâ€™ve been  
So I tell them what you told me and they canâ€™t believe  
weâ€™re through  
They ask me what Iâ€™m doing now, and in case youâ€™re  
wondering too

I breathe in and breathe out  
Put one foot in front of the other  
Take one day at a time until you find  
Iâ€™m that someone you canâ€™t live without  
But until then I will breathe in and breathe out

Now Iâ€™ve got every reason to find someone new  
Cos you swore up and down to me that Iâ€™ve seen the  
last of you  
But the way you loved me, girl it left me hoping and  
holding on  
So until this world stops turning round and my heart  
believes that youâ€™re gone

I breathe in and breathe out  
And put one foot in front of the other  
Take one day at a time until you find  
That Iâ€™m that someone you canâ€™t live without  
But until then I will breathe in and breathe out

Yes we were meant to be, girl thereâ€™s no doubt  
And if it takes the rest of my life for you to figure it out

I breathe in and breathe out  
And put one foot in front of the other  
Take one day at a time until you find  
Iâ€™m that someone you canâ€™t live without  
But until then oh Iâ€™ll breathe in and breathe out
