Well, I can see you're dancin' every dance with her
And it seems to me you're dancin' much to close to her
When you're sittin' at our table, sittin' next to her
But my heart knows that it's true
She loves me, she don't love you.

Well, let me tell you friend I'm wise to your lies
Even telling me that I'm the guy for her
And every little thing that you do and say
Has given me the way you're in love with her.

Well, just one more dance with her
And friend you're gonna see
What it's like to hit the floor
And do a little dance with me
Here's your coat and here's your hat
I think you'd better leave
'Cause she just told me, it's true
She loves me, she don't love you.

Well, let me tell you friend I'm wise to your lies
Even telling me that I'm the guy for her
And every little thing that you do and say
Has given me the way you're in love with her

Well, just one more dance with her
And friend you're gonna see
What it's like to hit the floor
And do a little dance with me
Here's your coat and here's your hat
I think you'd better leave
'Cause she just told me, it's true
She loves me, she don't love you.

--- hums through Instrumental ---

Here's your coat and here's your hat
I think you'd better leave
'Cause she just told me, it's true
She loves me, she don't love you...
