I shoulda known when I caught the glance
That girl just wasn't no count
I shoulda run but she started to dance
That's when the money ran out

Well, she's a heart breaker, I'm a mess
She's a tornado, I'm a trailer house
That girl's a hurricane in a dress

And she blows into town, loves me up and down
Just to watch me fall
She picks me up and then knocks me down again
I'ma wreck ya'll, she's a wreckin' ball

She makes it easy to go down hard
She got me all tore up
I'm just a sucker with a stupid heart
Who can't get enough

Well, she's a heartbreaker, hell on wheels
She's a bulldozer, I'm just in the way
Of a steamroller in heels

And she blows into town, loves me up and down
Just to watch me fall
She picks me up and then knocks me down again
I'ma wreck ya'll, she's a wreckin' ball

And she's a heartbreaker, I'm a mess

And she blows into town, loves me up and down
Just to watch me fall
She picks me up and then knocks me down again
I'ma wreck ya'll, she's a wreckin' ball

And she blows into town, loves me up and down
Just to watch me fall
She picks me up and then knocks me down again
I'ma wreck ya'll, she's a wreckin' ball

I'ma wreck y'all
Better watch out for that wreckin' ball

Whoa, I'm a mess
She's a wreckin' ball
