to you i am just a man who let you down,
the one who never gave you what you need,
its true i wasnt always around,
back when you were reachin out for me,
i know you think i didnt care,
you say im just the hurtin kind,
i know you think my heart wasnt there,
but im beggin you to think it through,one more time

cause you dont know a thing about me(you dont know a
thing about me)
if you dont know how much i miss you
and you dont know a thing about me(you dont know a
thing about me)
unless you know how much i need to be with you
well i see the mistakes ive made
the way i acted carelessly
but if you dont know how much i need your
forgiveness,
then you dont know a thing about me

if i could just go back and make it right(if i could just go
back and make it right)
and take the tears away you know i would,
id come to you with no excuse tonight(id come to you
with no excuse tonight)
just a prayer that ill be understood
you tell me that im never going to change
ill always be the same ole guy
you think there's nothin left for us to save
before you write me of,take a look in my eyes

cause you dont know a thing about me(you dont know a
thing about me)
if you dont know how much i miss you
and you dont know a thing about me(you dont know a
thing about me)
unless you know how much i need to be with you
well i see the mistakes ive made
the way i acted carelessly
but if you dont know how much i need your

forgiveness,
then you dont know a thing about me

but if you dont know how much i need your
forgiveness,
then you dont know a thing about me

no you dont know a thing about me(you dont know a
thing about me)
