I dont want to hurt nobody
Dont want to make nobody cry
I dont want to do wrong
I dont want to do wrong
I dont want to tell no lies
Im loving you
Loving you against my will
Loving you
Loving you against my will

I dont want to hear the phone ring
Dont want to hear your voice on the line
I dont want to come to you
I dont want to come to you
I dont want to give in this time
Girl Im loving you
Loving you against my will

Your love is like a deep dark river
Pulling me out to the sea
The harder I try to resist you
The weaker I seem to be

I dont want to turn down your sad street
I dont want to pull in your drive
Dont want to see you standing there
Dont want to see you standing there
Dont want to see that look in your eyes
Girl Im loving you
Loving you against my will

Your love is like a deep dark river
Pulling me out to the sea
The harder I try to resist you
The weaker I seem to be

I dont want to feel your heart beat
I dont want to taste your kiss
I dont want to call your name
I dont want to call your name
I dont want to watch you like this
Girl Im loving you

Loving you against my will
Loving you
Loving you against my will
