Well I never once backed down from a punch  
Well I take it square on the chin  
Well I found out fast that bullies just laugh  
And weve got to stand up again  
So I didnt cry when I got a black eye  
As bad as it hurt Id just grinned  
But when tough little boys grow up to be dads  
They turn into big babies again  
Scared me to death when you took your first steps  
Well Id fall every time you fell down  
Your first day to school I cried like a fool  
And I followed your school bus to town  
Well I didnt cry when Old Yeller died  
At least not in front of my friends  
But when tough little boys grow up to be dads  
They turn into big babies again  
Well Im a grown man but as strong as I am  
Well sometimes its hard to believe  
That one little girl with little blond curls  
Can totally terrify me  
If you were to ask my wife would just laugh  
Shed say I know all about men  
Now tough little boys grow up to be dads  
They turn into big babies again  
Well I know one day Ill give you away  
And Im gonna stand there and smile  
But when I get home and Im all alone  
And Ill sit in your room for a while  
Well I didnt cry when Old Yeller died  
At least not in front of my friends  
But when tough little boys grow up to be dads  
They turn into big babies again  
When tough little boys grow up to be dads  
They turn into big babies again
