Verse 1

Take a look at all we have,
I believe it still could last,
We've always found our way before,
Never believed in closing doors,

Bridge 1

I think the answer is deep in our hearts,
You think the answer is being apart,

Chorus 1

So before you turn away from me,
Before your heart is running free,
There's a million reasons you should stay,
Look around you baby now before you turn away,

Verse 2

Let me ask before you choose,
Is what you gain more than you'd lose,
We've worked so hard to get his far,
Only to find another start,

Bridge 2

I think the answer is still unknown,
You think the answer is being alone,

Chorus 2

So before you turn away from me,
Before your heart is running free,
There's a million reasons you should stay,
Look around you baby now before you turn away,

Verse 3

I think the answer is deep in our hearts,
You think the answer is being apart,

Chorus 3

So before you turn away from me,
Before your heart is running free,
There's a million reasons you should stay,
Look around you baby now before you turn away
