I know you're still hurting and you'll never forget,  
But don't wear your pain dear, don't wear your regret,  
You've escaped from the lies that he told you, you've  
escaped from deceit,  
You stood alone until finally I found you,  
Believe if you give love you'll only receive,

You don't need a reason to love me, you don't need a  
reason to care,  
When you wake in the morning you'll find I'll always be  
there,  
You don't need a reason to want me, you don't need a  
reason to stay,  
Just believe in yourself and you'll find love somewhere  
out there,

I can see now you're thinking if I'll do the same,  
If I'll give you all of my heart then take it away,  
You're old enough to swallow a bad time and still  
breathe,  
It's time you unchained from the past,  
All that I am is everything you need,

You don't need a reason to love me, you don't need a  
reason to care,  
When you wake in the morning you'll find I'll always be  
there,  
You don't need a reason to want me, you don't need a  
reason to stay,  
Just believe in yourself and you'll find love somewhere  
out there,

So hard to believe you're the same girl that you used to  
be,  
It's painful to see you're still hurting,  
When all you need now is the love that lies inside me,  
me, me,

You don't need a reason to love me, you don't need a  
reason to care,  
When you wake in the morning you'll find I'll always be  
there,

You don't need a reason to want me, you don't need a  
reason to stay,  
Just believe in yourself and you'll find love somewhere  
out there.
