For all that yooou want

For all that you want

To be your life your hero□

Oh, uh

I can't sit and wait for you to say

If there's room inside your heart

I'm not used to playin' loves' silly games

Turn me down or let me start

You have to believe I'll make things right

Open your arms give up the fight

For all that you want

For all that you're feeling

There's a place where you can go

For all that you need

I will be waiting,

To be your superhero

Now if you decide, to run & hide

It's only you you're cheating,

The key's in your hand you must understand

I won't be defeated no,

I really believe this goal's in sight

Open your arms let me see your light

For all that you want

For all that you're feeling

There's a place where you can go

For all that you need

I will be waiting,

To be your life your hero

I'm sure that you've heard this before

So many times

Girl, look deep inside my heart

And you will find

I'll be your superhero

I'll be the one to hold you

I'll never let you go

I'll always understand you babe

For all that you want  
For all that you're feeling  
There's a place where you can go  
For all that you need  
I will be waiting,  
To be your superhero
