Watching as this storm goes by I can see a light,  
A prisoner of my own design my hands are firmly tied,  
I could just fade away and live a life unknown,  
I could be somewhere else but now I'm headed home

Stronger every day,  
Stronger every night,  
I'm holding out for peace,  
But ready now to fight,  
Life owes me nothing,  
I have tasted everything,  
But I can't wait much longer now I'm feeling stronger

Walking from that sheltered world  
With nowhere left to hide,  
My naked soul is running free, my eyes are open wide,  
I'm searching for a higher ground to make myself  
complete,  
It's only when you climb that mountain the world is at  
your feet

Stronger every day,  
Stronger every night,

I'm holding out for peace,  
But ready now to fight,  
Life owes me nothing,  
I have tasted everything,  
But I can't wait much longer now I'm feeling stronger

Stronger now,  
I'm stronger now,  
I'm feeling stronger every single day

Stronger every day,  
Stronger every night,  
I'm holding out for peace,  
But ready now to fight,  
Life owes me nothing,  
I have tasted everything,  
But I can't wait much longer now I'm feeling stronger
