Christine's depression never seems to end,
'cause she'll never be as skinny as the girls on friends.
She's got fat hips, and thin lips, she's jealous of a Q-
Tip.

She'd take stupid, over fat, she stuck her fingers
down her throat for the very last time today, and
she walked away.

Well, Malcome's got his image, his rock and his crack.
and if he lives to see twenty, he will've beat the clock.
He's got his ride, and his pride and girls by his side,
he makes his stands , with a gun in his hand
He saw his best friend lying on a stainless steel
tray,and
He walked away.The destination clear, anywhere but
here..

Chorus:

It dosent matter that your lying in the gutter,
It dosent matter that your brains all a clutter,
It dosent matter that your covered in scars
Your never in the gutter, with your eyes on the
stars..(reapeat)
They walk away....They walk away.

So walk away from the boyfriend bruises
and the shame of the game, that your brain knows its
losing.
and that job that you do, that just robs you of who,you
can be when your free of this mentality.

So your home by the phone, getting stoned all alone,
with your chatroom friends, your cons and ramones,
But the phone don't ring, and Joey just sings sedated,
you gotta learn to hate it.

Chorus:

It dosent matter that your lying in the gutter,
It dosent matter that your brains all a clutter
It dosent matter that your covered in scars
Your never in the gutter, with your eyes on the
stars...(repeat)

They walk away...they walk away

they walk away
