Heading West Towards that New Mexico Line  
I've been counting these little white lines  
Been on the Road for Two Weeks  
Heading back home

We've been playing shows  
And singing our songs  
Been partying hard  
All night long  
But there's a girl down in Tucson  
Waiting for me

She's got  
Brown eyes and Jet Black Hair  
The way she loves me no one compares  
Got a girl down in Tucson waiting for me

It's always great to be back home  
From being out on the road alone  
Seeing those city lights  
Just warms my heart

She always gives me that loving smile  
That I take with me mile after mile  
There's a girl down in Tucson  
Waiting for me

She got Green eyes and dark brown hair  
The way she holds me no one compares  
Got a girl down in Tucson  
Waiting for me

Bridge  
I know I been gone too long  
But the one thing that I know

Is she's got blue eyes and bleach blonde hair  
The way she melts me no one compares  
Got a girl down in Tucson  
Waiting for me

All the girls down in Tucson are waiting for me!
