Baby When you said you loved me
Why did you lie
I gave you my heart till the end of time
Till the end of time... Yeah

But that wasn't nothing
When you said goodbye
Now I'm going to stand up
And whip these tears I cry
Whip these tears I cry

Chorus
One more day
Till my blues are blown away
And I hope you
Feel the same way that I do
Cause your day will come
Till that Setting sun

Love is such a wonder
When you love is true
But the way that you did me baby
Heartache's comin' to you
Heartache's comin' to you

Chorus

Lead Break
