When you find yourself in some far off place
And it causes you to rethink some things
You start to sense that slowly you're becoming
someone else
And then you find yourself...

When you make new friends in a brand new town
And you start to think about settling down
The things that would have been lost on you
Are now clear as a bell
And you find yourself,
Yeah that's when you find yourself

Well you go through life
So sure of where you're headed
And you wind up lost
And it's the best thing that could have happened
Cause sometimes when you lose your way, it's really
just as well
Because you find yourself,
Yeah that's when you find yourself.

When you meet the one, that you've been waiting for
And she's everything, that you want and more
You look at her and you finally start to live for someone
else
And then you find yourself,
Yeah that's when you find yourself

Well you go through life
So sure of where we're headed
And you wind up lost
And it's the best thing that could have happened
Cause sometimes when you lose your way, it's really
just as well
Because you find yourself,
Yeah that's when you find yourself.
