Looks like it's gonna be one of those days  
Sittin' here in traffic twenty minutes late  
Just about there when that ol' DJ plays  
A song that takes me back

Had a beat up car with a new tape deck  
A pure jump shock nothin' but net  
A three piece band and a Gibson Firebrand  
The first song I learned was "Sweet Home, Alabam"

Summer outta school we were six or seventeen  
You wrapped some tape around my new class ring  
An life was so fine  
Back in those times  
Drinkin' them ponies up on Tiger Hill  
Yeah, I miss it hey I wish it wasn't over, still  
I don't want to go back to stay  
But what I wouldn't give for one of those days

I don't know how I got exactly where I am  
From those ol' back roads to this traffic jam  
Wishin' I could find me an exit ramp  
An just keep right on goin'

I wonder if you ever hear an old song  
An think about us when you're singin' along  
Comin' home an tellin' your mom and pa  
'Bout all them movies we never saw

Summer outta school we were six or seventeen  
You wrapped some tape around my new class ring  
An life was so fine  
Back in those times  
Drinkin' them ponies up on Tiger Hill  
Hey, I miss it hey I wasn't over still  
I don't want to go back to stay  
But what I wouldn't give for.....

One of those days when one of these days comes  
along  
One of those days that just don't seem so far gone  
Take me home now

Summer outta school we were six or seventeen  
We were datin' baby waitin' we were full of our dreams  
An life was so fine  
Back in those times  
Drinkin' them ponies up on Tiger Hill  
Yeah, I miss it hey I wish it wasn't over still  
I don't want to go back to stay  
I am the man I am today

But sometimes time turns a careful page  
An what I wouldn't give for one of those days  
One of those days  
One of those days  
Gimme one of those days
