She moved into my old apartment
That's how we got this whole thing started
She called and said that I had mail waiting there for me
I told her that I'd come and get it
How could I know in just a minute
That I'd be standing face to face with my own destiny

Ohh and we sat there talkin' just like we were old
friends
And ohh Then I asked her can I see you again

Chorus:
She said yes
And I said wow
And she said when
And I said how about right now
Love can't wait
Then I asked if she believed in fate
And she said yes

The days flew by just like a fast train
And nothing else has been on my brain
Except the thought of how she makes me
The man I wanna be
And she's the one I want for a million reasons
Loving her it's just like breathing
It's easy and it obvious
She was made for me

Ohh then it happend one night looking in her eyes
Ohh and I popped the question
Much to my suprise

Chorus

So we called the precher, family, and friends
And nothing's been the same since

Chorus

She said yes
