I've been around but now i'm back in town, remember?
I was the guy who was just passing by, remember?
I think we've me before and yet
I need to know for sure

Haven't I seen you somewhere before? Haven't I ?
Haven't I seen you somewhere before? Haven't I ?
Haven't I seen you somewhere before? Haven't I ?
Haven't i seen you somewhere?

Wasn't it you who was just passing through,
remember?
Didn't we kiss on a night just like this, remember?
It's been so long, I could be wrong
But i'd still come back for more

Haven't I seen you somewhere before? Haven't I ?
Haven't I seen you somewhere before? Haven't I ?
Haven't I seen you somewhere before? Haven't I ?
Haven't i seen you somewhere?

I know by the look on your face
You recall the time and place
I know, I'll knock on you door
and I'll ask just once more

Haven't I seen you somewhere before? Haven't I ?
Haven't I seen you somewhere before? Haven't I ?
Haven't I seen you somewhere before? Haven't I ?
Haven't i seen you somewhere?

Somewhere before, haven't I?
