I've had a little bit too much,
all of the people start to rush by.
A dizzy twisted dance, can't find my drink or man
where are my keys, I lost my phone.

What's goin on on the floor
I love this record baby but I cant see straight anymore.
Keep it cool what's the name of this club,
can't remember but it's alright.

just dance, gunna be ok
been here before
just dance
spin that record babe, loud on the floor
just dance
cant hear my phone when you don't call
just dance dance (just dance)

wish I could shut my playboy mouth
I let you turn me inside out
control your poison babe
roses have thorns they say
tonight we'll dance away the pain

wha'ts goin on on the floor
I love this record baby but I cant think straight anymore
keep it cool what's the name of this club
I can't remember but it's alright

just dance, gunna be ok
been here before
just dance
spin that record babe, loud on the floor
just dance
cant hear my phone when you dont call
just dance dance dance dance
just dance

Jump for my chance to be hardcore
I lost my mind on the dancefloor
I know that the time is past 4

but who cares cause my heart is a dark force
to be reckoned with
she took it and ripped it apart
opened it and shredded it
never give love to a pretty girl with a negative outlook
there's no such thing as a friend no benefits
so sweet so elegant, so weak, so intelligent
I forget like the night is my last night
and the past nights mean nothing
so I lose my composure
lost in space cause my worlds over

just dance, gunna be ok
been here before
just dance
spin that record babe, loud on the floor
just dance
can't hear my phone when you don't call
just dance dance

i'm spinning i'm spinning spinning
i'm spinning with the feeling inside
i'm spinning but the feeling won't die
i'm shaking but the pain is still here
i'm dancing but it won't disappear
