Whatever happened to truth?
Lost without a trace
Whatever happened to the mirror?
That showed me a happy face

Whatever happened to sorry?
You know it's never too late
Whatever happened to good things coming?
Coming to those who wait

Whatever happened to this city?
It's not like it used to be
Whatever happened to you?
Whatever happened to me?

Gotta look myself in the eye
And say it's gonna be alright
Maybe everything won't be alright
All the time

I've gotta take these chances where they are
And it's gonna be alright
I've gotta see things
For what they are at the time

Lost with no place to begin
I'll slowly adjust to the sun
Just face I'm in [unverified]

Whatever happened to the list of things
I wanted to be?
Whatever happened to you?
Whatever happened to me?

Gotta look myself in the eye
And say it's gonna be alright
Maybe everything won't be alright
All the time

I've gotta take these chances where they are
And it's gonna be alright
I've gotta see things

For what they are at the time, at the time

Yeah, the words are on the seam, ready to receive
I'm the ocean, you're the stream, ready to receive
It's like open arms to me, ready to, ready to receive

Gotta look myself in the eye
And say it's gonna be alright
Maybe everything won't be alright
All the time

Now I've gotta take these chances where they are
And it's gonna be alright
I've gotta see things
For what they are at the time

Oh, I've gotta see things
For what they are at the time, at the time
