There is no fortune to be made here;
It's just a town like any other town.
Sure, there must be good things left to say;
Can't think of one, so
I won't say

Nothing
Wears a pretty face and armor; she got
Shine at the surface, coal below.
Nothing...
Please don't tell me;
I already know
Nothing.

Living like a mobile spinnin' off it's line;
Philip always said about the wheels-within-wheels.
Tension rising higher, it's coming through my window
And all I seem to feel

Is nothing.
Please don't tell me;
I already know
Nothing.
Oh, it's getting better now but
Time will show
Nothing
Never goes away.
Nothing
Never goes away.

Tonight I saw her again:
A blood red luna sitting on a bridge.
It could have been a sign
But I don't believe in signs; I
Don't believe in

Nothing.
Please don't tell me;
I already know
Nothing.
Oh, it's getting easier but

Time will show

Nothing.

She's got a brand new set of reasons why

She can't let it go.

Nothing...

Please don't tell me;

I already know

Nothing.
