There's no fortune to be made here,  
It's just a town like any other town.  
Sure there must be good things left to say  
Can't think of one, so...  
I won't say,

nothing...

Wears a pretty face and armor  
She got shine at the surface and coal below,  
nothing...  
Please don't tell me,  
I already know,  
...nothing

Living like a mobile spinnig off its line  
Fed up of always sad about the wheels-within-wheels  
Tension rising higher, it's coming through my window  
And all I seem to feel...

is nothing...  
Please don't tell me, I already know  
nothing...  
Oh, it's getting better now  
But time will show

Nothing - never goes away  
Nothing - never goes away

Tonight I saw her again  
A blood red luna (looner?) sitting on the bridge  
It could have been a sign but I don't believe in signs,  
I... don't believe in...

Nothing...  
Please don't tell me, I already know  
...nothing

Oh, it's getting easier  
But time will show  
...nothing

She's got a brand new set of reasons  
Why she can't let it go

Nothing

Please, don't tell me, I already know,

...nothing
